

# THREE TIMES A CHARM

## Materials

### SWAROVSKI ELEMENTS

Product Group	Article No.	Amount	Size	Color	Color Code
Pendants	6041	3 pcs.	28mm	Crystal Golden Shadow	001 GSHA
Beads	80101 05	3 pcs.	14mm	Crystal Golden Shadow	001 GSHA

Supplies: 8" Flattened Brass Cable Chain TierraCast 20-0125-26      16" Round Brass Cable Chain TierraCast 20-0525-27  
 1" Brass Cable Chain TierraCast 20-0625-27      1 brass toggle clasp set TierraCast 94-6160-27  
 6 feet 3 or 5 ply Irish waxed linen - brown

## Instructions

- STEP 1: Cut waxed linen into 4 – 1.5 foot pieces. Set aside.
- STEP 2: On a work surface lay out the three Pendants (art. 6041, 28mm, Crystal Golden Shadow). The hole of the Pendant should face the hole of each of the other two. This rule will hold true for each of the Pendants.  
 Note: The three Pendants will be used to make one large Pendant.
- STEP 3: As if you were wrapping with wire, use one piece of waxed lined and wrap two of the Pendants together keepir the wraps of linen next to each other while keeping the holes of the Pendants in the correct position. Wrap abt 4 – 6 times. When finished, tie a square knot and trim the tails (this will be the wrong side).  
 Note: Do not worry about the wax from the linen getting onto the crystal at this time.
- STEP 4: As in step 3, take another piece of linen and wrap one of the Pendants from step 3 to the third Pendant (art. 6041, 28mm, Crystal Golden Shadow). Wrap the linen about 4 – 6 times making sure the wraps are next to each oth and not overlapping. When finished, tie a square knot and trim the tails.  
 Note: Make sure to knot on the wrong side created in step 3.
- STEP 5: Take another piece of linen and wrap the two remaining Pendants together. Wrap the linen about 4-6 times m sure the wraps are next to each other and not overlapping. When finished, tie a square knot and trim the tails. The knot should be tied on the wrong side.  
 Note: Each Pendant should have two sets of wraps originating from the center hole.

## THREE TIMES A CHARM

- STEP 6: Take the 1" of brass cable chain (the links are oval in shape) and separate the links by opening and then closing them. You should have at least 4 separate links that now resemble large oval jump rings.
- STEP 7: Take the last piece of linen and wrap the bottom of one of the Pendants (art. 6041, 28 mm, Crystal Golden Shadow). Included in the wrap will be one jump ring created in step 6. Hold the jump ring parallel to the bottom of the Pendant.  
Note: This jump ring will be used as a connector jump ring in another step.
- STEP 8: Cut the flattened brass cable chain into three equal pieces. Set aside.
- STEP 9: Using one piece of chain from step 8, slide on one BeCharmed Pavé Bead in Crystal Golden Shadow. Open one chain link and attach to the end of the chain and close the link. Set aside.
- STEP 10: Using three more links that you created in step 6, open them like a jump ring. One by one, slide the chain through the link and attach the link to the link from step 7 then close the link.  
Note: the jump ring links are not linked into the chain at all. The chain is resting inside the jump ring link.
- STEP 11: Using one piece of chain from step 8, slide one end through a side crystal Pendant. Match up the two open ends and slide both ends of the chain through 1 BeCharmed Pavé Bead in Crystal Golden Shadow.  
Note: The open ends of the chain should both be exiting the Pave Bead in the same direction.
- STEP 12: Repeat step 11 for the other side.
- STEP 13: Cut the round brass cable chain into two equal pieces.
- STEP 14: Using one piece of chain from step 13, open an end link. Attach both ends of the flattened cable chain from step 11. Close the chain link.
- STEP 15: Using the second piece of chain from step 13, repeat step 14.
- STEP 16: Adjust the chain length as necessary. Open the end link of the chain and attach one half of the toggle clasp. Close the link.
- STEP 17: Open the opposite end link and attach the other half of the toggle clasp. Close the link.
