Supplies: 7 large hammered discs TierraCast 94-3148-18
1 magnetic clasp
40 head pins TierraCast 01-0028-08

6 jump rings Tierra Cast 01-0020-08
2 oval jump rings TierraCast 01-0018-08

Instructions

- STEP 1: Attach each of the seven hammered discs together using the large round jump rings to create the base of the bracelet.
- STEP 2: Using one copper head pin, slip on one Bead (art. 5000, 8 mm, Crystal Rose Gold) and create a simple loop. Repeat seven times more and set aside.
- STEP 3: Using one copper head pin, slip on one Bead (art. 5328, 6 mm, Crystal Rose Gold) 2x and create a simple loop. Repeat three times more and set aside.
- STEP 4: Using one copper head pin, slip on one Bead (art. 5328, 4 mm, Crystal Rose Gold) 2x and create a simple loop. Repeat seven times more and set aside.
- STEP 5: Using one copper head pin, slip on one Bead (art. 5040, 6 mm, Crystal Silver Night) and create a simple loop. Repeat seven times more and set aside.

- STEP 6: Using one copper head pin, slip on one Crystal Pearl (art. 5810, 8mm, Crystal Grey Pearl) and create a simple loop. Repeat three times more and set aside.
- STEP 7: Using one copper head pin, slip on one Crystal Pearl (art. 5840, 6mm, Crystal Rose Gold) and create a simple loop. Repeat seven times more and set aside.
- STEP 8: Lay the bracelet base flat and begin with the second jump ring from the left. Slightly open the jump ring (making sure it doesn't slip out of the hammered discs). Add ten looped Beads and Crystal Pearls (created in steps 2 – 7) in any order desired. Carefully close the jump ring. Repeat this step three times more in the next three jump rings going from left to right.
Note: The clusters of Crystals and Crystal Pearls should be attached to the jump rings between the 2nd – 6th hammered discs.
- STEP 9: Attach one small jump ring to one half of the magnetic clasp and one end of the hammered disc. Repeat for the opposite side.
