Filigree	62026	1 pc.		Jet, Crystal Silver Shade	280, 001 SSHA

Supplies: 18" 26 gauge Beadalon Artistic Wire
12 4 mm oval jump rings
2 10 mm jump rings
18 6 mm oval jump rings

Instructions

- STEP 1: Attach to 6 mm oval jump rings to each pointed petal on Filigree art. 62026.
- STEP 2: Working off of each point on Filigree art. 62026, open one jump ring and attach to an opening on one Filigree art. 62025. Open one jump ring from the second point on Filigree art. 62026 and attach to the very next opening on the same Filigree art. 62025. Work in this same manner five more times. Note: the two jump rings on each point of the Filigree art. 62026 should be attached to the two neighboring Filigree art. 62025.
- STEP 3: Attach one 6 mm oval jump ring between each Filigree art. 62025 to connect them to each other. This should connect the third opening on one Filigree art. 62025 to the eighth opening on the next Filigree art. 62025. Repeat five more times.
- STEP 4: Using one 4 mm oval jump ring, attach one petal on Filigree art. 62018 to the fourth opening on Filigree art. 62025. Using a second 4 mm oval jump ring, attach the next petal on Filigree art. 62018 to the fourth opening on the next Filigree art. 62025. Keep attaching the remaining four Filigrees art. 62018, working around the snowflake.
- STEP 5: Using two 4 mm oval jump rings, attach one Filigree art. 62025 to the last remaining space on the snowflake in the same manner as in Step 4.
- STEP 6: Attach one 10 mm jump ring to the opposite side of Filigree art. 62025 from Step 5 and to one Fancy Stone art. 4139 14 mm Crystal. Repeat this step for next hole in Filigree art. 62025 to attach crystal ring.
- STEP 7: From the wrong side, work a piece of 26g wire to each of the five Filigrees art. 62018. Note: work from the center out to the first one, double the wire back and work your way back and work your way to the second Filigree art. 62018. Keep working in this manner until all five Filigrees art. 62018 are reinforced.
