- Step 1: Cut the cardboard to the dimensions as indicated in the illustration in Step 1. Punch two holes into it as shown in the illustration and fold the cardboard in half.
- Step 2: Cut a second piece out of the cardboard to the dimensions as shown in the illustration in step 2. Fold the book cover as per the measurements shown in the illustration.
- Step 3: Now place all three of them in a stack as shown in the illustration. The book cover (B), the pile of paper (C) and the cardboard or the top of the cover (A).
- Step 4: Cut a nylon thread into a length 4 times the height of the book (as denoted as y) and one time the length of the diagonal proportion of the book (as denoted by X). So the total length would be $y \times 4 + X$. Slide a crimping tube, a CRYSTALLIZED™ Crystal Pearl article 5810 4 mm Crystal Powder Rose Pearl and a CRYSTALLIZED™ Pendant article 6723 Crystal on to the nylon thread.
- Step 5: As shown in the illustration, slide the thread back through the pearl and the crimping tube, now crimp the tube and cut off the leftover thread from this short end.
- Step 6: Turn the book in a way that the book cover is up and make 6 holes into the stack as shown in the illustration.
- Step 7: String the nylon thread through the first hole of the book as shown in the illustration.
- Step 8: Move the nylon thread as shown in the illustration until you reach the other end.
- Step 9: Thread a loop back in a right angle and move towards the starting point as shown in the illustration. At the end make a loop back in a right angle.
- Step 10: Put some glue on the nylon thread, pull it tight and let it dry.
- Step 11: Cut an elastic string 36 cm in length. Using a beading needle slide on the following CRYSTALLIZED™ Beads and Crystal Pearls:
1x 5810 4 mm Crystal Powder Rose Pearl
1x 5810 6 mm Crystal Bronze Pearl
1x 5810 6 mm Crystal Mauve Pearl

- Step 12: Make a single knot after the first and the last Crystal Pearls.
- Step 13: As shown in the illustration string the thread through the two holes that were made in step 1 and make a double knot with the beginning and the ending of the thread. Put some glue on to the knot and pull the knot inwards.
- Step 14: Put a bit of glue on the cardboard where you will place the CRYSTALLIZED Flat Back articles, 2439 & articles 2709 as shown in the illustration (The last picture in illustrations show where to place these elements). Set the crystal with the help of the tweezers.
- Step 15: Apply the rest of the CRYSTALLIZED™ Crystal-its with tweezers.
