CREATE YOUR STYLE with CRYSTALLIZED™ – *Swarovski Elements* Design Elements Design Project
Vase Sparkling Meadow

- Step 1: As seen in the illustration, form a flower pattern (Flower and stems) with flat backs on the piece of paper. Outline the crystal on the paper, remove the crystals and cut or punch holes in the paper according to the pattern, (the holes should be slightly bigger than crystals).
- Step 2: Tape flower stem patterns on the vase.
- Step 3: Apply glue on the back of the CRYSTALLIZED™ Flat Backs No Hotfix article 2400 and article 2028 SS 34 with a small stick or toothpick and then apply crystals in the respective holes of the pattern using tweezers. Gently press the crystals onto the vase.
- Step 4: Remove the paper pattern after glue is set.
- Step 5 – 6: Adjust pattern for flower shape and secure with tape.
- Step 7 – 8: First apply CRYSTALLIZED™ – Swarovski Elements in one flower and let the glue dry. Remove the pattern and apply the glue to the crystals for the second flower.
- Step 9: Apply the first group of Flat Backs No Hotfix article 2709 on one side of the vase and let dry. Repeat for other side of vase.
- Step 10: Repeat step 3 nine times to apply the rest of the remaining CRYSTALLIZED™ – Swarovski Elements on the vase as seen in the illustration.
